Dear River Valley Community Church,

We are excited for next year and are putting together our calendar. This year, our high school senior with the highest GPA will be attending Aurora University. We will be sending her with a lap top & printer. We're very proud and happy for Trine, a remarkable young lady. Can you please keep Trine Coachman in your prayers? She will be playing basketball and living on campus at AU.

I'd also like to take moment to thank all of you that prayed for me during this year of surgery, rehab, and healing. I'm happy to say that God is faithful and amazing. I'm a walking testimony with a praise report that; I'm feeling better and getting stronger. I will continue to work on my physical therapy until I'm back at 100%. As many of you know I've been trying to raise my salary to do Teen Nite full-time. I will continue to strive towards this goal. I'm blessed that in the meantime my secular job has held my position for me. Looks like I will be going back to work this month, so continue to pray for me and my mission for TNI.

Your brother in Christ,
Deacon Aaron Malone
